**AOCRA – National Outrigger Sprint Titles**

**5<sup>th</sup> – 7<sup>th</sup> February**

I would like to extend a very warm welcome to competitors and spectators from across the country who have arrived here on our beautiful Sunshine Coast for the 2016 National Outrigger Sprint Titles.

I'm sure those of you who have been here before can't wait to race again on Lake Kawana, one of our outstanding facilities in the Kawana Sports Precinct.

For the first-timers, I'm sure you are going to enjoy a fantastic experience – and will want to return again.

The Sunshine Coast has a reputation as a high-value destination for hosting major sporting and entertainment events and that schedule has been steadily growing.

We know you love your sport. We also believe you love your R&R too. So, along with your friends, family and supporters who may be accompanying you to this event, make sure you give yourself an opportunity to look around the Sunshine Coast and enjoy our pristine beaches, our magical, mysterious hinterland, our entertainment venues and clubs as well as some of the finest cuisine and shopping in the nation.

We don't score consistently high points as a top-quality holiday destination for nothing!

Meanwhile, may I wish you the very best of luck as you attempt to become a national champion in 2016.

With best regards

**The National Sprints program has been developed in order to provide paddlers with the greatest opportunity possible to prepare for the Va'a World Sprints 2016. Due to the requirement for specific qualifying events for the Va'a World Sprints Elite and Club Championships and high levels of paddler interest race scheduling for the 2016 National Sprints will be tight with full days of events. To effectively deliver the desired race program organisers require the support of all paddlers to maximise race capacity. As the National Sprints are being run as a lead into the Va'a World Sprints they will be subject to strict procedural controls. Please ensure you and your team are prepared early and present at Check In / Marshalling as soon as your race is called. Check In Areas will be restricted and once Race Check In has closed no paddlers will be able to enter the Check In area for that race. Organisers will review race scheduling once nominations have been finalised. Be prepared and paddle fast.**
